SUNNY RUFFLES Photo by Waters

Hello! Gardeners!

Last year we asked you not to dig up your lovely flowers and go all out for vegetables but have them both. This year we still hope that you won't entirely dispose of your flowers, regardless of the trying times. Our time and energy is limited—that we all know, but it is relaxing to have something beautiful and lovely to look at, just as it is relaxing to hear wonderful music, or read a good book, or see an outstanding play. May we suggest then that you concentrate on one or two good varieties instead of buying many inexpensive Iris that will take time and care?

We know that few of you can do the usual traveling to see Iris gardens this year but we hope that you will try to see the new varieties that are close to you. Visit your neighbors garden or walk a mile or two to see a friend's new Iris. The walk will make you feel wonderful and the new plants will look nicer than anything you have ever seen.

Our garden will be open to visitors as always. We hope that those that live close by will drop in to see our Iris and have a chat with us. If we are not at the garden which is located at the west end of Market Street, you can find us at our home—419 West Market Street.

MARY WILLIAMSON.

New Longfield Introductions For 1943

(Our 1943 introductions are not to be considered in computing the 10 per cent quality discount mentioned on page 28.)

Cook Originations

Tall Bearded Iris

Dreamcastle (Cook No. 8439, 1943). An orchid pink self in which is combined great purity of color and standards and falls of exceptional width. A "cold" pink—not a blend—but the color very clear and bright. Flower of large size; shape, substance, texture, all good and sufficient. This Iris appeals both to those who like wide standards and falls, and to those with a preference for pure color. This seedling has been under observation through four varying seasons. It is strong in growth, hardy, and of dependable blooming habit.

Detail: S. domed, Phlox Pink; F. semi-flaring, Light Phlox Purple; crests Phlox Pink; beard, whitish, inconspicuous. Flowers 5 inches high, 6 inches wide. Stems 38 inches tall, branched a little above middle, bearing 7 flowers. Midseason. **$10.00**

Worthington (Cook No. 10639, 1943). A harmonious bicolor of pleasing rosy red, the color particularly clear and bright. An Iris of every good quality—the flowers are of beautiful form, large size, smooth texture, and heavy substance. Visitors are always attracted to this rosy red by the clearness of its color, noticeable near or far. The plant is of strong growth and reliable in bloom.

Detail: S. domed, Persian Lilac; F. flaring, velvety Indian Lake, paling slightly at edge; crests Light Pinkish Cinnamon; beard, Primuline Yellow. Flowers 5 inches high, 5 inches wide. Stems 3 feet branched from middle, bearing 8 flowers. Midseason. **$10.00**

Hemerocallis or Daylilies

Bountiful (Cook No. 237, 1943). Wide-petalled lemon yellow. A seedling from Hyperion and an improvement on that variety. Flowers large, of pleasing shape and color, opening in the morning. Entirely sun-resistant. Scapes slender and relatively low, the flowers borne nearer the foliage than in most daylilies. Very free flowering, hardy and vigorous. Grows into beautiful clump. July. **$3.00**

Delight (Cook No. 1238, 1943). Medium-sized flowers of soft pale yellow with pinkish ring in throat. A delightful combination of form and color. Flowers of open, spreading shape, the segments wide. Substance and texture good. Resistant to sun and heat. Scapes slender, 3½ feet tall. Habit free and open. Day blooming. July. **$5.00**

Margaret (Cook No. 7338, 1943). Large flowers of fine color, a solid, even buff yellow to very bottom of throat. Distinct from the usual golden and lemon yellows. Substance and texture good. The flowers have a smooth, refined look. Scapes 3 to 4 feet. Day blooming. July. $5.00

Simplicity (Cook No. 1338, 1943). Wide open flowers of pale buff yellow overlaid with least flush of rusty fulvous. Flower large, of attractive shape, the segments broad. Very resistant to sun. Scapes 3½ feet, freely produced. Day blooming. July. A good companion to blue flowers. $5.00

Valiant (Cook No. 5040, 1943). A massive glowing orange, fine in every way. Gorgeous big flowers of open, spreading form. All segments wide, the inner waved and crimped at margin. Splendid texture and substance. Very sun resistant. Scapes 3½ feet. Day blooming. July. The finest orange daylily we have seen. Stock limited. $7.50

Waters Iris Origination

Sunny Ruffles (Waters, 1943). A glorious new yellow, we feel is worthy of introduction. The color is a clear, rich, lemon yellow chrome. The F. paling towards the center with a darker border of yellow. There is no veining to mar its smoothness. The flower is beautifully ruffled and has excellent carrying power in the garden. The ruffled and unusual shape of the buds add to the charm of the plant. Branching is excellent, 9 flowers to a stalk, flower measures 5 inches by 5 inches, height 38 inches. Season of bloom early to late. $10.00

(We regret that our plate of Sunny Ruffles on Page 1 is not as clear as it might be due to the fact that it was taken from a Kodachrome slide.)

Williamson Iris Introductions

Master Charles (Wmsn. No. 2019, 1943). Tall Bearded Iris. A rich glowing mulberry Iris with a definite charm and flare to the form. The flower has a wonderful sheen that gives it the glowing rich effect. Substance is excellent and the color does not fade.

Detail: S. True Purple with overlaying black sheen blending to Madder Brown at base; F. Rich True Purple overlaid velvety black blending to Madder Brown on haft. Beard, Mulberry Purple tipped brown. Style branches, crest, and midrib, Mathew's Purple, Pinard Yellow to almost white on edge. Flowers 4 inches by 4 inches. Stalk 38 inches with excellent branching. Vigorous grower and free flowering. Midseason. Fragrant. $8.00

Widget (Wmsn. No. 1956, 1943). Table Iris. A baby white plicata with S. speckled heavily with Lavender Violet; F. edged and very lightly dotted Lavender Violet. Style branches, blue white with Lavender Violet midrib and crests. Beard, blue white to Light Cadmium. The flower is only 3 inches by 3 inches. Stalk 24 inches tall. $2.00

(A Widget is a baby gremlin!)

Tall Bearded Iris

(Standard varieties at a low price will be found listed on pages 17 and 18. Siberian and Beardless Iris on Page 22. Look there for varieties not found in this section.)

Action Front (Cook, 1942). A coppery red Iris that is distinct and worthy because of its fine color and general good qualities, both in flower and plant. S. Ocher Red; F. Garnet Brown; beard Cadmium Yellow. The flower has broad S. and F. and has a smooth beautifully finished appearance. 3 Feet. Midseason. $7.50

Alice Harding (Cay. 1933). A soft satiny yellow with orange beard. $0.25

Alta California (Mohr-Mit. 1931). Large yellow; F. bronzed. 4 ft. $0.25

Amenti (H. P. Sass, 1936). S. grayish vinaceous. F. light mauve. 3 ft. $0.25

Amigo (Wmsn. 1934). A. M., A. I. S. 1938; H. M., A. I. S. 1936. A very rich Iris suggesting a velvety blue purple pansy. A flower of very heavy texture and fine form. S. clear light lavender violet; F. deep hyacinth violet shading out to light hyacinth violet, narrow white margin. 34 inches. $1.00

Amitola (H. P. Sass, 1936). S. and stigmas light russet vinaceous; F. Tourmaline Pink. Beard bright yellow. 38 inches. $0.35

Angelus (Egel. 1937). A. M., A. I. S. 1939; H. M., A. I. S. A lustrous pale pinkish lavender blend delicately combined with cream. Its large size and flaring form accentuate this lovely colored Iris. 3 ft. $0.60

Anna Gage (Cage, 1941). The flowers are of good size and pleasing form with S. tawny olive and flaring F. of rich garnet brown. Splendid substance and smooth velvety texture. Beard deep yellow. 35 in. $6.00

Arctic (Klein. 1940). A. M., A. I. S., 1942; H. M., A. I. S. 1941. A new white and gold Iris of gigantic proportions in flower, stalk and foliage. Perfect form, with ruffled but closed S. and broad F. that are as smooth as white enamel. There is an area of bright yellow throughout the center of the flower that reminds one of Golden Treasure but this Iris is gleaming white instead of cream and the contrast is most striking. 40 in. $4.00

Arethusa (Gage, 1940). H. M., A. I. S. 1937. A Daphne red self with very large flowers of nice form. Golden bronze haft with inconspicuous bronze beard. 40 inches. $6.00

Athala (Cay. 1936). A. M., A. I. S. 1941; C. M., S. N. H. F. 1935. Excellent large plicata with S. a bright blue lilac on a white ground and the F. have the same color with a broad white center on each segment. 3 ft. $4.00

Aztec Copper (Klein. 1939). H. M., A. I. S. 1940. A subtle blend of smoky violets and delicate coppers, blended and washed in lovely harmony. Huge flowers with broad hafts and leathery substance. 3 ft. $2.50

Balmung (H. P. Sass, 1939). A. M., A. I. S. 1942; H. M., A. I. S. 1940. One of the latest of the yellow plicatas from Mr. Hans Sass. S. and F. are yellow with clean brown markings. About the largest flower of this class. 38 inches. $3.00

Black Valor (Nicholls, 1938). A very rich violet-black or royal purple with a velvety gloss. The haft is unveined and the beard is dark. The plant is free blooming but not tall—33 inches. Late. $1.00

Black Wings (Kirk. 1930). Deep midnight blue; F. lustrous. $0.25

Blended Beauty (Nat'l. 1939). S. are bronzy gold without the slight red suffusion apparent in Mary Geddes; F. golden salmon ground flushed and overlaid Pompeian red. Late. 40 inches $0.50

Blue Danube (Meyer, 1932). From England comes this medium blue self. A smoothly finished Iris of clear almost cobalt blue. 3 feet. $0.50

Blue June (Donahue 1935). A large pale bluish lavender. 40 inches. $0.25

Blue Peter (White 1936). A very deep prune purple Iris with a velvety finish. Late, 37 inches. $0.50

Blue Triumph (Grint. 1934). A. M., A. I. S. 1936; H. M., A. I. S. 1933. The light blue flowers are large, graceful with heavy substance and smooth glossy finish. 42 inches. $0.25

Blue Velvet (Loomis, 1929). Clear velvety dark blue with orange beard. $0.25

Bo-Peep (Lap.-Gage, 1940). An orchid pink flushed with cream, no reticulations. A delicate and pleasing flower. Excellent for lanscaping as it is a rapid grower and very floriferous. 3 ft. $1.25

Bridal Veil (Mitchell 1936). Iridescent snow white with a warm lemon beard and lemon margining along the haft and at the base of the S. Mid-season. 36 inches. $0.50

Buckskin (Klein. 1939). The four foot stems bear close to a dozen great blooms. This is one of the finest tan Iris now on the market. $1.50

Buechley Giant (Buechley 1932). An extremely large blue bicolor. $0.25

Burning Bronze (Ayres 1934). A dark red suffused with bronze. 3 ft. $0.35

Buttercup Lane (D. Hall 1941). H. M., A. I. S. A very large heavily ruffled clean, light yellow shading off to a lighter color at the haft, no veining on haft, deep orange beard. The flower is very resistant to all kinds of weather. A very excellent Iris for the front of the border as it is only 31 inches tall, vigorous and free flowering. $5.00

California Gold (Mohr-Mit. 1933). A. M., A. I. S. 1937; H. M., A. I. S. 1936. A very tall deep golden yellow self of exceptional merit. $0.25

Captain Wells (Cook 1941). H. M., A. I. S. 1942. A deep glossy maroon purple that is large, rich solidly colored self, neat and finished in appearance, owing to the almost entire absence of haft markings, and to the subdued yellow of the beard. There is a wonderful shine to the whole flower that renders the rich color alive and bright. Of splendid form and substance. One of the most beautiful and distinct dark Irises we have grown or seen. $8.00

Castalia (Wmsn. 1933). Beautiful light blue. 34 inches. $0.25

Chamita (Wmsn. 1934). A very distinct brown toned Iris delicately overlaid gold. Fine shaped flowers. 31 inches. $0.35

Charlotte Millet (Cay. 1937). C. M. & Special Prize, S. N. H. F. 1936; C. M. Rome 1938. An excellent French Introduction. A well rounded Iris of rich reddish lilac with the palest blue lustre on the blade of each fall and a deep brown flush on each haft. The petals are broad with F. semi-flaring. Very striking. Late. 36 inches. $2.00

Cheerio (Ayres 1934). S. dull gold flushed red; F. velvety glowing red. 40 inches. $0.35

China Maid (Milliken 1936). A. M., A. I. S. 1939; H. M., A. I. S. 1938. An outstanding soft lilac pink blended golden bronze. Large with good form and habit but particularly distinct because of its smooth even texture. Deeper in color than Angelus and taller. 48 inches. $1.00

Christabel (Lap. 1936). A. M., A. I. S. 1938; H. M., A. I. S. 1936. One of Mr. Lapham's finest "reds". Well shaped flowers with S. deep wine red; F. same shade overlaid blackish purple, giving a brilliant red effect. Beard a dark yellow. 40 inches. $0.50

City of Lincoln (H. P. Sass, 1936). A. M., A. I. S. 1939; H. M., A. I. S. 1937. A huge striking variegata of clear and vivid coloring. S. clear bright yellow; F. velvety bright red. 40 inches. $1.75

Clara Noyes (H. P. Sass 1930). A blending of yellow, orange and apricot. $0.25

Claret Velvet (Nat'l 1940). This Iris has the same coloring as a glass of claret wine. A dark maroon red self with very velvety F., no veining visible and a inconspicuous burnt orange beard. Large flowers but the stalks are short. 32 inches. $2.00

Copper Lustre (Kirk. 1934). Dykes Medal, A. I. S. 1938; A. M., A. I. S. 1937; H. M., A. I. S. 1935. A striking gold and copper blend. Flowers are large and well-formed and sparkle in the sun like a new penny. 32 in. $0.35

Copper Piece (Kellogg 1936). H. M., A. I. S. 1936. Of brilliant glowing copper-red, which has tremendous carrying power. The Iris is a blend of violet, red, and copper. 34 inches. $0.75

Copper Pink (Kellogg 1941). H. M., A. I. S. 1942. A beautiful medium to large flower of softest pink flushed with sparkling copper with blue shading at midrib of falls and the style arms are blue; haft dusted with gold. Beard orange brown. 38 inches. **$15.00**

Copper Rose (Cook 1941). H. M., A. I. S. 1942. A smooth blending of old rose, tan and copper, brightened by a glow of golden yellow at center of flower. S. between buff pink and Japan rose; F. between terra cotta and ocher red; beard cadmium yellow. The flowers are slightly bicolor, medium to large in size with wide S. and F. displaying the rich, bright coloring to splendid advantage. 38 inches. **$10.00**

Coritica (H. P. Sass 1942). A fresh color development of the yellow plicatas. Probably the neatest lightly marked plicata of this color pattern, contrasting with other varieties that are more heavily marked. Midseason. 34. inches. **$15.00**

Coronet (D. Hall 1938). H. M., A. I. S. 1939. A soft rose beige with a golden tone. A seedling of Jean Cayeux and about the same size. Nicely rounded flowers with a lustrous finish. 34 inches. **$0.75**

Creole Belle (Nich. 1934). H. M., A. I. S. 1936. Lustrous, satiny Bishop's purple self with harmonizing beard. 38 inches. **$0.35**

Crimson Tide (Nich. 1939). Large deep red of great beauty. The F. are a deeper shade of very velvety red slightly towards the purple side. An orange beard accentuates the richness of this lovely flower. Excellent in every way. 42 inches. **$2.00**

Crystal Beauty (J. Sass 1935). Pure white Iris. 40 inches tall. **$0.25**

Damerine (Gage 1939). H. M., A. I. S. 1941. A large dark red self with splendid substance and velvety texture, deep yellow beard. 36 inches. **$2.00**

Deep Velvet (Salb. 1939). H. M., A. I. S. 1941; A. M., A. I. S. 1942. Very large, rich deep red-violet S. and F. are nearly the same shade except that the F. at the haft are a rich blackish red purple shading to frosty claret brown. Dusky gold beard. 38 inches. **$4.00**

Depute Nomblot (Cay. 1929). A bronzed coppery red bicolor. 4 feet. **$0.25**

Dorothy Dietz (Wmsn. 1929). S. bluish white; F. Pansy violet. 38 in. **$0.25**

Dreamcastle (Cook 1943). See page 2 for description. **$10.00**

Dubrovnik (Wmsn. 1938). H. M., A. I. S. 1940. A brilliant rosy blend richly toned with gold. Its wonderful carrying quality, silky texture, splendid form make it as colorful and lovely as the Jugoslavian city for which it was named. 3 feet. **$1.00**

Dymia (Shuber 1936). A fine dark blue violet self, blue beard. 38 in. **$0.25**

E. B. Williamson (Cook 1937). A. M., A. I. S. 1939; Roman Gold Medal 1938; H. M., A. I. S. 1938. A glowing coppery red of medium shade; nearly a self and a distinct color effect, whether one flower is seen or a group. Perfect in form with a wonderful lustrous silk texture—in every respect a glorious Iris. 36 inches. **$0.75**

Elkhart (Lap. 1936). Deep chestnut red, in some lights appears to be more brown. Very vivid orange beard. 36 inches **$0.25**

Elsa Sass (H. P. Sass 1939). A. M., A. I. S. 1941; H. M., A. I. S. 1939. One of the very best and most distinct of the new yellows—and a new yellow in Iris—a clear sulphur with a greenish cast in its depth and a near white effusion on the haft. A sparkling glass of cool lemonade! The blossoms are large size, rounded in form and slightly frilled. 36 inches **$3.00**

Ethel Peckham (Wmsn. 1932). A wonderful brilliant reddish Iris. 36 in. **$0.35**

Ethelwynn Dubuar (Lap. 1933). Large deep pinkish self. Tall. **$0.35**

Ethelyn Kleitz (Gage 1940). H. M., A. I. S. 1938. A lovely new pink-toned red of fine form and splendid substance. S. light corinthian red; F. hydrzngea red; deep yellow beard. 35 inches. **$7.00**

Ethiop Queen (Schreiner 1938. One of the new "black" Iris. S. are deepest black purple; F. are so dark and lustrous that they remind one of black pansies. 34 inches. **$1.00**

Evolved (Nat'l 1941). S. are of bronzed brown, washed light violet. Rounded F. are light violet in center edged bronze brown with orange beard. A larger, better Evolution. 48 inches. $2.00

Exclusive (Grant-Schreiner 1935). A. M., A. I. S. 1939; H. M., A. I. S. 1937. A light blue color of great purity overlaid with a silvery mist, producing a powder blue or French blue effect. 40 inches. $0.60

Fair Elaine (Mit. 1938). H. M., A. I. S. 1939 This is the first definite yellow bicolor. A stately flower of cream-white S. and rich gold F. intensified by a deep gold beard. The hafts are solid color, no veining or streaking. A very lovely and outstanding new Iris. 38 inches. $2.00

Fairylea (Hall 1932). A white plicata, the margins of the S. and the upper half of the F. etched light bluish lavender; yellow beard. An exquisite large flower of satiny texture. 32 inches. $0.25

Far West (Klein. 1936). H. M., A. I. S. 1937. A harmonious blending of salmon, coral, and pale golden tan with a bluish copper cast on the F. Of excellent form, satin smooth finish, excellent branching. 40 inches. $0.50

Flamely (Cook No. 11839, 1942). A glowing red self, the color more orange than purple. Flowers medium large, of splendid shape, good substance and texture. The reddest seedling out of many hundreds raised from E. B. Williamson. Always noted by visitors. S. conic-domed, Ocher Red to Terra Cotta; F. flaring, Garnet Brown; crests Cinnamon Rufous; beards Cadmium Yellow; flowers 4½ inches high, 5 inches wide; fragrant; stems 3 feet; branched from middle up, bearing 8 flowers. $7.50

Flamingo (Wmsn. 1929). A lovely rosey red. $0.25

Flora Campbell (Hill 1940). H. M., A. I. S. 1940. The neat well-rounded and modestly extended F. are glowing with intense warm tones of red-brown and peach. The S. are a little lighter in tone with a more hazy coloring. 34 inches. $2.00

Florentine (Cay. 1937). C. M. and Special Prize; S. N. H. F An enormous plicata of white background heavily striated a clear lilac-mauve. A cool pleasing color. 36 inches. $2.00

Fontanette (Hall 1939). A deep pink blend possessing a certain luscious quality in its coloring. S. Mathew's purple suffused eupatorium purple; F. Mathew's purple with large lilac area surrounding the beard. 34 inches. $5.00

Frank Adams (Lap. 1937). H. M., A. I. S. 1938; A. M., A. I. S. 1940. A beautiful large, full flower with S. of maize yellow and broad F. of deep rose with very wide golden haft. A tall, vigorous, and floriferous Iris that should be in every garden. 42 inches. $0.75

Franklin B. Mead (Mead-Riedel, 1936). A magnificient white plicata of Los Angeles type but even more beautiful. The flowers are large, have good substance and plants are hardy. 50 inches. $0.50

French Maid (Grant 1939). A richly colored blend of rosy bronze. The wide slightly ruffled S. are deep buff with a rosy flush. The flaring F. have a bronzy gold background flushed with orchid and wistaria bordered same as S. Orange beard. Midseason. 38 inches. $1.25

Frosty Blue (Whiting 1941). A true light blue self with the color extending well out to the edge. The lovely slightly ruffled flower is enhanced by a glittering frosty texture with the heaviest substance. The flower becomes bluer with age instead of paling. 38 inches. $10.00

Garden Magic (Grinter 1936). H. M., A. I. S. 1937. A deep rich mahogany red which is almost uniform throughout the whole flower even to the crests. The wide haft is unmarked, the beard rich orange. 30 in. $1.00

Jubilesta (Grinter 1937). A small delicate lemon yellow self. Free flowering. **$0.50**

Junaluska (Kirk. 1934). A. M., A. I. S. 1937; H. M., A. I. S. 1936. Rose, copper and gold are blended into an iridescent brilliance. 3 feet. **$0.50**

Kandahar (Hall 1939). A late flowering Iris with S. Lavender violet paler at midrib; F. velvety prune purple; yellow beard. 32 inches. **$1.50**

Kansas Sunrise (Hill 1940). An improved King Midas but made bright and more vivid by the use of King Tut as pod parent. A bright toned variegata blend displaying the good qualities of its parents. **$0.75**

King Juba (H. P. Sass 1931). H. M., A. I. S. 1932. Yellow with garnet. F. **$0.25**

Lady Naomi (Fay 1941). H. M., A. I. S. 1942. A new plicata that appears to be almost a self of finest soft pale lavender. The plicata network of violet lines in the F. is so very minute and compact that the white groundwork seems to disappear. Haft has faint markings of brown and violet. 38 inches. $10.00

Lady of Shalott (Schreiner 1942). A brand new dainty pink plicata with lacy frills. The white background is heavily flushed rose pink in the S. and delicately edged around the F. with an added peppering of minute dots. At a close examination the pink has a slight cinnamon cast in the sun and at a distance it carries as a pink plicata. The form is excellent, withstanding the rigors of wind and rain. Midseason. 34 inches. $12.00

Lancaster (Cook 1940). H. M., A. I. S. 1941. A handsome flower of lustrous warm old rose expressing great strength and character. Distinct from the "pink" or "rose" Iris by its very wide segments, especially the wide falls with a broad haft, and by its heavy substance. As an individual flower it makes an excellent show Iris, as a mass its floriferousness and coloring cannot be excelled. 36 inches. $7.50

Lighthouse (Salb. 1936). A. M., A. I. S. 1940; H. M., A. I. S. 1937. A fine brilliant coppery red with a glowing gold heart. Gold beard. Of good substance and smooth texture. 3 feet. $0.60

L. Merton Gage (Lap. 1942). H. M., A. I. S. 1942. This is Mr. Lapham's fine new pink—he describes it as a large yellow toned medium shade of pink. The S. are Pale Salmon Color over pale Massicot Yellow; F. Rosolane Pink to broad hafts of Baryta Yellow, reticulated Sayal Brown; beard Light Cadmium. Fine form, broad falls, excellent substance. Stalk fine and tall. 40 inches. $15.00

London Pride (Mur. 1933). Rosy cyclamen bicolor. 40 inches $0.25

Louvois (Cay. 1936). C. M., and Special Prize, S. N. H. F.; A. M., A. I. S. 1939. An outstanding French variety in rich brown tones. S. light chocolate brown and F. rich red maroon with a chocolate border, free from veining. Not tall, 35 inches, but a lovely accent in any garden. $1.50

Lovely Day (Hill 1940). Another new Iris from Mr. Hill. The flowers open a very pale sky blue and turn cool white. Large blooms. $0.75

Lucrezia Bori (Schreiner 1935). H. M., A. I. S. 1936. A large, well-formed yellow Iris. 42 inches. $0.25

Lyndon (Lap.) A delicate Iris of rose tinted fawn. Floriferous. $0.25

Madame Maurice Lassailly (Cay. 1935). A. M., A. I. S. 1939; Dykes Medal, France, 1935. From France comes an Iris to rival Amigo. It is taller, bigger, but not as brilliant. S. flax blue with violet blue; F. edged lavender. 36 inches. $1.25

Majenica (Cook 1941). A distinct new pinkish blend with a tinge of salmon. A pleasing flower in every way with wide petalled S. and F. The color is clear and bright, the flowers are large of good full form and smooth texture and firm, lasting substance. 3 feet. $8.00

Marquita (Cay. 1941). A. M., A. I. S. 1936. Large well-rounded flowers of creamy yellow, the F. penciled or lined ruby. 42 inches. $0.40

Marvista (Hall 1939). Very rich buff and light brown effect. S. deep colonial buff with broad border of dark vinaceous veinings; F. velvety light garnet brown margined hazel in vicinity of beard; orange beard. 3 feet. $4.00

Mary E. Nicholls (Nich. 1939). H. M., A. I. S. 1940. Warm white self with gold inlay on haft, yellow beard. Medium large flowers of heavy substance, satiny texture. A lovely flower both in form and exquisite finish. 38 inches. $2.00

May Day (D. Hall 1939). H. M., A. I. S. 1939. A self color overlaid and burnished copper on soft apricot with a very light orange beard. Tall branched stems, large flowers, fair substance. 40 inches. $2.50

Melaine (Hill 1941). H. M., A. I. S. 1941. A lovely new light pink. In color it is similar to the older pinks but is larger of form and size. The tall stems are ideally branched, carrying several blooms open at the same time. A really fine orchid-pink close to true pink. Midseason. 40 in. $3.00

Melitza (Nesmith 1940). A. M., A. I. S. 1942; H. M., A. I. S. 1940. This salmony flesh self is unique and a decided break in color harmony. The S. are delicate ivory pink; F. have the same coloring with a slightly deeper flush around the beard. Beard is an intense pinkish tangerine, so vivid that the whole flower seems suffused with the tangerine coloring. 40 inches. Supply very limited. $6.00

Midwest Gem (H. P. Sass 1937). H M., A. I. S. 1937. A large pale apricot yellow lightly flushed with pink. The delicate coloring combined with the lustre heavy texture sparkling with gold make this Iris one of the very loveliest. S. and F. are serrated and crinkled. 40 inches. $0.75

Mirabelle (Whiting 1941). H. M., A. I. S. 1941. Alluring cream-apricot and pink tones combined in a most delectable manner. For such a delicately fresh color the flower substance is extra fine. Oval formed, large, full proportioned blooms with glistening texture. Excellent stems with just as fine branching. 38 inches. $10.00

Miss California (Salb. 1937). H. M., A. I. S. 1938. This is another of the larger pinks. It is deeper than Morocco Rose in color and slightly veined. Beard is lemon yellow, basic flower color is a lilac pink with full form, carried on tall, well branched stems. Midseason. 40 inches. $0.75

Monadnock (Salb. 1937). H. M., A. I. S. 1939. A rose red and so vivid that it can be perfectly matched for color at a distance of 60 yards. A self yellow beard, flowers exceptionally large. 44 inches. $1.25

Monal (Wmsn. 1936). An unusual blend of brown, golden buff and violet heavily overlaid with gold. The flower is large, of very heavy substance and a smooth well-rounded form. 40 inches. $1.00

Moonglo (Wmsn. 1935). H. M., A. I. S. 1936. A very distinct soft yellow blend. Well formed flowers on 32 inch stems. $0.50

Mountain Sky (Milliken 1941). H. M., A. I. S. 1941. This softly ruffled Iris is a most uniform soft shade of blue with a suffusion of yellow in the center of the flower that adds a warm glow to the Iris. $5.00

Mountain Snow (Kellogg 1937). H. M., A. I. S. 1936. A glistening white that carries a faint blueness. Broad S. and F. are large and ruffled. 42 inches. $0.50

Mrs. J. L. Gibson 1930). A. M., R. H. S. 1932. A notable Iris of fine deep violet blue. Smooth and glossy texture, heavy substance. Late. 38 inches. $0.35

Naranja (Mit. 1935). A. M., A. I. S. 1935; H. M., A. I. S. 1936. A deep rich yellow self with a distinctly orange cast in the falls; the buds are decidedly orange. 38 inches. $0.50

Naronda (Hall 1934). A deep "blue" of intense color; prominent white beard; free flowering. 44 inches. Very fine. $0.25

Nassak (H. P. Sass 1938. A large, tall plicata with white ground marked with bright blue stitching on the edges. Perfectly hardy. $0.35

Ned Lefevre (Lapham 1942). This lovely new pinkish Iris has a coppery over-tone which gives the appearance of a light brown self at a first glance. The blooms are large of distinctive form and excellent substance. S. Onion Skin Pink flushed lilac; F. deep orange vinaceous. Orange beard. Midseason. 36 inches. $12.00

Old Parchment (Klein. 1939). A. M., A. I. S. 1941; H. M., A. I. S. 1940. A light creamy tan with golden buff overlay. A beautiful Iris with large blooms of heavy substance. 38 inches. $2.50

Patricia (H. P. Sass 1939). A sparkling, frilly star white. Not a large Iris but its charm lies in its ruffledness. It is pure white, good substance, unveined, yellow beard. 38 inches. $1.00

Paulette (Millet 1930). Huge lavender blue. $0.25

Pink Opal (P. Sass 1934). A large soft pink with satiny sheen. 4 ft. $0.25

Pink Reflection (Cook 1942). H. M., A. I. S. 1942. A chamois skin pink blend of unique quality and individuality. A light to medium tint of pink with underlay of creamy buff. A Hydrangea Pink; F. Hydrangea Pink to Vinaceous; beard, Lemon Chrome. Crisp, clean-cut flower of good size and heavy substance, attractive flaring form and exquisite coloring. Late, coming into flower a week after other pink varieties. 36 inches. $9.00

Pink Satin (J. Sass 1930). H. M., A. I. S. 1931. A lovely lilac pink self. $0.25

Pink Vista (Lap.-Gage 1940). A salfrano pink self with light yellow beard, very slightly reticulated. A tall, well branched Iris of robust growth. $1.50

Piute (N. J. Thom.-Thorup 1937). A deep rich red toned self with a bronzy undercast giving the whole flower a warm glow, the color is carried well over the haft. Golden beard. A smooth well-rounded Iris. 38 inches. $0.50

Prairie Sunset (H. P. Sass 1939). A. M., A. I. S. 1941; H. M., A. I. S. 1937. This very much lauded and well merited lovely Iris is a blending of peach, apricot, rose, copper and gold, making a warm, glistening flower impossible to describe. 36 inches. $6.00

Raejean (Whiting 1940). H. M., A. I. S. 1942. A lovely two toned yellow. S. clear chrome yellow; F. wide and long of creamy yellow bordered with deep yellow. Heavy golden yellow beard. A late flowering variety. 40 inches. $3.00

Red Bonnet (Gage 1939). H. M., A. I. S. 1939. This is a dark red self. Flowers are large, of fine form, with wide S. and flaring F. Fair branching, smooth texture, fairly early and very fragrant. 36 inches. $0.75

Red Gleam (Lapham 1939). A. M., A. I. S. 1941; H. M., A. I. S. 1940. Voted by many judges as one of the finest of the new "red" reaching closer to the scarlet tone than other previous varieties. The S. are brilliant and the flaring F. rich red. Very near a self. Not a tall Iris. 34 inches. $3.00

Red Valor (Nicholls 1939). Roman Gold Medal 1940; H. M., A. I. S. 1940. A superb velvety red that has wonderful finish and substance. A garnet red with brown beard. 38 inches. $6.00

Redward (Cook 1942). An approach to crimson from the purple side. Large, shapely flowers of good substance and brilliant color, a product of continued selection toward red in bearded Iris. S. Indian Lake and Dahlia Carmine; F. Burnt Lake. The large flowers are of good spreading form, the broad S. held together nicely at the top, the velvety F. flaring widely. Midseason to late. 32 inches. $7.50

Remembrance (D. Hall 1942). A new lovely yellowish pink blend selected as the best of Mr. Hall's pink seedlings. The form, substance and branching are good. The stem is 38 inches tall and strong. A vigorous grower and very floriferous. $5.00

Rhapsody (Wmsn. 1937). This lovely Iris is like changeable silk—a symphony in violet purple and brown. The flower has a wonderful form and heavy substance. Very late. $1.25

Robert (Ayres-Emig. 1933). S. pale amber; F. same flushed pale blue. $0.35

Roseland (D. Hall). A lovely blend with buff rose S. and rich berry red F. edged lighter. A splendid garden effect of bright rose-pink. Very large blossoms on 38 inch stalks. Very late. $2.00

Rosy Wings (Gage 1935). Dykes Medal, A. I. S. 1939; A. M., A. I. S. 1936; H. M., A. I. S. 1934. A blending of brown, red and pink with a conspicuous orange beard. 38 inches. $0.30

Rubeo (Mohr-Mit. 1931). A huge flower with S. glistening rose; the broad thick textured F. are deep maroon. 48 inches. $0.50

Ruth Pollock (H. P. Sass 1939). A. M., A. I. S. 1941; H. M., A. I. S. 1939. One of the finest of all the Sass yellow plicatas. The S. are broad and full, are dotted and edged with dark red brown. The F. are clearer yellow with a heavy border of red brown. Flowers have heavy substance, stems are strong and widely branched, vigorous and floriferous. 36 inches. $5.00

Sable (Cook 1938). A. M., A. I. S. 1940; H. M., A. I. S. 1937; Roman First Certificate 1938. An almost perfectly black Iris with a lustrous, silky sheen possessing an unsuspected brilliance not common with the dark colored varieties. S. and F. Fluorite violet; beard deep soft blue violet. Extreme depth of color and excellent substance, in splendid combination with size and height. 40 inches. $1.50

Samovar (D. Hall 1941). H. M., A. I. S. 1941. A new coppery rose Iris—the color is unique, rich burnished copper which makes a stunning garden clump. The strong stems have short branching but the plant is so free flowering and the color so fine that the garden effect is very satisfying. Mid-season to Early. 34 inches. $3.50

Sandia (Wmsn. 1934). A clean deep pink blend of heavy structure. Very lovely in mass or as an exhibition Iris. 39 inches. $0.25

San Francisco (Mohr 1927). A large white plicata edged lavender. $0.25

Santa Fe (Mohr-Mit. 1930). Palest blue, almost white. $0.35

Shawano (Wmsn. 1939). H. M., A. I. S. 1940. A tall, brilliant yellow with Vandyke Red veining on fall. The flower is a larger, glorified Nebraska. The excellently branched flower stalks, 37 inches tall. $1.50

Shirvan (Loomis 1932). S. lustrous yellow brown; F. velvety red brown. $0.25

Siegfried (H. P. Sass 1936). A. M., A. I. S. 1938; H. M., A. I. S. 1936. A large ruffled flower of good substance. S. Naples yellow with a sheen of dotted purple; F. flaring, pale yellow with striped brown on the haft with purple dots along side of the distinct yellow beard. Large flower on 44 inch stems. $0.60

Sir Knight (Ash. 1934). A large violet self with rich orange beard. $0.25

Snowking (H. P. Sass 1935). A. M., A. I. S. 1937; H. M., A. I. S. 1936. A fine large white, the flowers well-balanced on tall branching stems. Of perfect form, hardy and fine in every way. 38 inches. $0.35

Sole Mio (Van Tubergen 1938-1939). Silver Medal Rome 1938. This is an Iris from Holland imported just before the invasion. It is a very large clear deep yellow—about the color of Jelloway but having a larger flower. A Dykes seedling but shows no flecking in our locality. $18.00

Solitude (Klein. 1937). Dusky mulberry with beard in harmony. Tall with a profusion of large blossoms. 33 inches. $0.35

Spark (Nich. 1931). A small Iris of brick red coloring. Early. 28 inches. $0.25

Sparkling Blue (Grant 1942). This almost flax blue self is very aptly named for the whole flower glistens and sparkles as if dusted with tiny frost crystals. S. are domed, broad and strong; F. semi-flaring, beard yellow. Blooms over an exceptionally long period. Has fragrance of honey locust. 41 inches. $10.00

Spokan (J. Sass 1933). The most brilliant of the red-brown blends. $0.25

Spring Idyl (Lap. 1939). A milk white shading to orchid pink. The pink very pronounced at the top of the S. and base of the F. Beard lemon. The stems are tall and wiry. A lovely apple blossom effect in the garden. $1.50

Spun Gold (Glutz. 1940). A. M., A. I. S. 1942; H. M., A. I. S. 1939. A new striking, gleaming velvety yellow with glistening thick texture generally associated with darker colored Iris. No veining or shading mars the purity of coloring which is enhanced by a rich beard. Perfection in form, styling and color makes a very outstanding Iris. 38 inches. $10.00

St. Louis (Wiesner 1934). A refined deep navy blue with less purple than blue. An even toned Iris that is tall and graceful. Early. 40 inches. $0.35

Stardom (D. Hall 1941). H. M., A. I. S. A very unusual color in Iris which comes close to Onion Skin Pink in Ridgeway's Color Chart though it does not have a strong pink tone. Mr. Hall suggests that it is a Jean Cayeux with some apricot and copper added. Flowers are a medium size. A vigorous, hardy plant. 34 inches. $3.50

Stella Polaris (K. Smith 1939). H. M., A. I. S. 1939. A large, cool white with great superiority of form and substance and almost perfect branching. F. have very slight gold reticulations at the haft. Beard yellow. 42 inches. $5.00

Storm King (Nicholls 1940). H. M., A. I. S. 1941. A top notch massive dark Iris, as dark as any named variety and with such brilliance that it has a high garden value. Where Sable is a blue purple, Storm King is a true purple with no haft markings. The S. are firmly domed and F. are wide and flaring with wonderful substance. Late. 48 inches. $12.50

Sunny Ruffles (Waters 1943). See page 3 for description $10.00

Tenaya (Essig 1933). S. deep blue purple; F. deep raisin purple. 38 in. $0.35

The Admiral (D. Hall 1941). H. M., A. I. S. A clean, bright, medium blue self with a wonderful silky lustrous quality. The flower holds its color well, has a clean, unmarked haft and is of fine form and good substance. Free flowering. 37 inches. $4.00

The Black Douglas (J. Sass 1934). H. M., A. I. S. 1936. A very deeply colored dark Iris. S. dark violet; F. blackish violet. Blue beard. 3 feet. $0.25

Thelma Jean (Peck 1939). H. M., A. I. S. 1939. A stunning new Iris of rich clear petunia-violet. The heavy substance resists all weather. Early. 34 inches. $2.50

The Red Douglas (J. Sass 1937). Dykes Medal A. I. S. 1941; A. M., A. I. S. 1939; H. M., A. I. S. 1936. An excellent dark red self of fine proportions. Immense flowers on tall widely branched stems. 38 inches. $1.00

Thuratus (H. P. Sass 1931). Long flower of blackish red purple. 38 in. $0.25

Tiffany (H. P. Sass 1938). H. M., A. I. S. 1938. An attractive yellow plicata with S. suffused lilac and F. lightly dotted a deeper lilac. 38 inches. $0.75

Titian Lady (G. Douglas 1941). H. M., A. I. S. 1941. A lovely sparkling white Iris but distinct from all others because of its full thick beard of shrimp red. Classically formed, excellent substance, and well branched stalks. This Iris has great individuality and too much emphasis cannot be given to the beauty of color contrast between the frosty pure white and intense Titian beard. $7.50

Varese (Wmsn. 1935). A most brilliant red purple. 37 inches $0.25

Venus de Milo (Ayres 1931). A rich, smooth creamy white 30 inches. $0.25

Vert Galant (Cay. 1929). Dykes Medal. S. Coppery fawn; F. coppery red. $0.35

Viipuri (Wmsn. 1940). A lighter colored and slightly ruffled Wabash with arching S. and iridescent white delicately tinted orchid; F. violet purple shading to a margin like the S. 33 inches. $1.25

Violet Crown (Kirk. 1931). H. M., A. I. S. 1936. A stunning Iris of attractive shimmering pale violet shade. Excellent. 38 inches. $0.25

Violet Symphony (K. Smith 1940). H. M., A. I. S. 1940. Especially smoothly finished, unveined Bradley's Violet self. The individual blooms have a finished appearance as if they were precisely carved. Large flowers with a subtle charm. Beard cool yellow. Midseason. 40 inches. $7.50

Wabash (Wmsn. 1936). Dykes Medal, A. I. S. 1940; A. M., A. I. S. 1938; H. M., A. I. S. 1937. Probably the most outstanding amoena of today. The white S.; and Hyacinth Violet F. with a very definite white margin are a wonderful contrast that is both pleasing and attractive. 39 inches. $1.00

Wakarusa (Lapham 1941). H. M., A. I. S. 1941. A skillful blend of most unusual color. A radiantly colored orange and vivid red bicolor. In effect, a burnt orange with velvety falls—forceful and magnetic. At a distance it gives an impression of a vivid patch of pinkish-orange copper. Very good flower and plant habit. Midseason. 34 inches. $10.00

War Eagle (J. Sass 1933). H. M., A. I. S. 1933. In effect a rich deep red toned Iris. 36 inches. $0.25

Wasatch (Thorup 1935). H. M., A. I. S. 1936. The largest plicata of pure glistening white evenly marked with medium blue. 34 inches. $0.25

West Point (Nich. 1939). H. M., A. I. S. 1940. Very large but refined Iris. S. Indigo Blue domed; F. slightly deeper Indigo Blue with rich brown shading at haft. White beard, tinted blue. A new color and almost a self. An Iris of firm and lasting substance. Late. 44 inches. $2.00

Wild Orchid (Kellogg 1940). This Iris is a self just matching the shade Wild Orchid in the color chart. The haft carries a copper flush and a hint of violet under the yellow beard. Growth is rapid, free flowering and hardy. 40 inches. $3.00

William Carey Jones (Brehm 1934). One of the best of the cream colored Iris. Of heavy leathery texture, excellent growth. 30 inches. $0.25

Winneshiek (Egel. 1931). Fine large deep blue black. $0.25

Winter Carnival (Schreiner 1941). H. M., A. I. S. 1942. An outstanding new white that is tall with large nicely proportioned flowers with flaring falls. The waxy snow white Iris has a lavish gold throat. A very fine new white Iris. 40 inches. $5.00

Worthington (Cook 1943). See page 2 for description. $10.00

Yellow Pearl (Salb. 1931). Tall, graceful pale primrose yellow. $0.25

Dwarf Iris

These Iris average about eight inches in height and most varieties bloom from April to about the middle of May. A few bloom in June and some of the spring varieties bloom again in the fall. Dwarfs are excellent for use in the rock garden or at the front of the border.

Orange Queen (Barr, 1910). Clear deep yellow. Very fragrant. $0.15

Brief Directions for Planting and Caring for Bearded Iris

Sweet, well-drained soil, free of roots of other plants, preferably with some lime, and all the sunshine possible. No fresh manure, no tree leaves; clean, shallow cultivation and no litter or mulch about the plants from early Spring until the ground freezes in the Fall. A light Winter mulch of corn fodder or straw, brought up about the plants, rather than thrown on them, is beneficial but is not necessary except for plants recently planted and not well established. Bonemeal is a satisfactory fertilizer. Well rotted manure may be used if well spaded under, so there is no humus in contact with the rhizomes. Wood ashes may be used freely.

A plant ready for planting consists of 2 essential parts—the leaves and the rhizome (often mistakenly called bulb). Moderate drying does not injure the leaves or rhizomes. If the soil is dry at planting time, fill the trench or hole with water and after it has soaked into the ground, spread the roots over the moist surface and draw soil over them, tramping it down firmly and covering with loose soil. The rhizome should be just below or at the surface and should be held firmly in place if the soil has been properly packed over the roots.

Rarely, due to high temperatures and humidity, slimy bacterial decay will attack the leaves and rhizomes of plants in transit. When such plants are received wipe off all the moist and decayed parts with a rag or ball of paper or excelsior, and dust the base of the leaves and the rhizome thoroughly with sulphur, powdered gypsum or plaster of paris. Plant at once with the upper surface of the rhizome exposed to sun and air. Keep plant under observation to see disease is checked. If the disease progresses, treat as directed for rhizome rot.

Rhizome Rot. The name is descriptive. Give a gentle pull to adjacent leaves to see if the disease has spread beyond the area you have detected. Scrape out all disease and softened tissue and pack the cavity with powdered gypsum. Scatter gypsum on the ground about the diseased area until the surface is white. Examine the plant from day to day to see if the disease is checked.

Mustard Seed Fungus. Work gypsum into the soil to the depth of half an inch and scatter on the surface until it is white.

Root Borer. (1) Clean the garden thoroughly of all litter and old Iris leaves as early in the Spring as possible. Burn this litter. (2) After vigorous leaf growth is established in the Spring watch for evidence for borer attacks and cut off the leaves below the point where the borer is working; drop the leaves in a tight bottomed basket or bucket and burn them, or bury them in a well-packed grave. (3) Dig plants immediately after flowering, trim leaves down to a 3-6 inch fan, burn or bury all leaves and discarded bits or rhizomes. When trimming plants look carefully for borers. Lay plants on cool (earthen or cement) floor and keep moist (cover with moist burlaps, old carpet or straw) for about 48 hours. Examine again for borers and replant.

Play Boy (Wmsn. 1934). A tiny flowered amoena that is most charming. S. White; F. white with violet veining to solid violet, white margin. 8-10 inches. June flowering. $0.25

Rose Mist (H. P. Sass, 1931). A soft rosy mauve, almost pink. $0.15

Sound Money (J. Sass, 1935). Very rich yellow dwarf. 10-12 inches. $0.15

Tampa (Cook, 1936). H. M., A. I. S. 1938. Tiny flowers of a decided redness for a dwarf bearded Iris, carried on slender stems that are often gracefully reflexed. Stems 14 inches tall. Floriferous. $0.15

Tony (H. P. Sass, 1931). Very free flowering rich red-purple. $0.15

Dwarf Collection

12 plants selected from any of the above 15c varieties for $1.00.

Table Iris

This charming group of Iris bloom with the Tall Bearded Iris but must not be compared with them. The small dainty flowers on slender wiry stems, with narrow foliage, make them suitable for cut Iris for the table, hence, the name. These Iris are also very fine for the border as they are quite floriferous and graceful.

Chewink (Wmsn. 1937). A dainty light blue with a bright golden beard. The clean color, the silky texture, and fine carrying power make it most desirable. 18 inches. $0.25

Daystar (Wmsn. 1941). A dainty little white Iris with a faint creamy tint and a brilliant cadmium orange beard. The color on the haft which starts above the tip of the beard is light cadmium. A little taller than Pewee but distinct from it by its very bright orange beard and yellow haft. Of heavier and more lustrous texture than Pewee. $1.00

Kinglet (Wmsn. 1934). A deep golden yellow self with small well-formed flowers on well-branched stems, 29 inches high. $0.15

Pewee (Wmsn. 1934). A tiny pure white flower on gracefully well-branched stems, 17 inches high. A little gem. $0.25

Siskin (Wmsn. 1934). A lovely clean pinard yellow self with slightly opened S. and flaring F. adding to the grace and airiness of the whole plant. This and Pewee are the smallest of the group. 34 inches. $0.25

Titmouse (Wmsn. 1934). Amber yellow speckled and edged Hortense violet. Excellently formed flower on well branched stems, 31 inches. $0.15

Tom Tit (Bliss, 1919). Very dark mulberry purple with good substance and horizontal falls. Small, gay and dainty. 18 inches. $0.25

Some Love (White, 1938). H. M., A. I. S. 1939. A lovely dainty pink Pogocyclus Iris. The flower is very rounded, and is oyster white dotted with veined delicate pink. It is one of the most charming and fascinating of the small Iris. 22 inches. $1.00

Warbler (Wmsn. 1935). A very small, clean yellow formal flower with the wonderful floriferousness and clean habit of growth in mass of Bluet 25 inches. $0.15

Westways (White, 1936). Adorable little blue flower on slender, graceful stems only 18 inches tall. Color is light wisteria violet with a bright wisteria blue patch in the center of the F. Beard is bright orange gold. $0.35

Widget (Wmsn. 1943). See page 3 for description. $2.00

Table Iris Collection

One each of these varieties: Chewink, Daystar, Kinglet, Siskin, Titmouse Tom Tit, Warbler, Westways, priced at $2.55 for $2.00. Table Iris seeding included as a gift.

Intermediate Iris

These Iris, in general, bloom just after the Dwarfs and before the Tall Bearded, thus filling in the blooming season. They vary in height from 15-24 inches and have relatively large flowers.

Those varieties marked thus (*) bloom again in the fall.

*Autumn Haze (H. P. Sass, 1934). An attractive soft lavender of fine form and large size. This tall fall bloomer has been both early and persistent in its long blooming habit. $0.25

Black Hawk (Schreiner, 1941). H. M., A. I. S. 1942. A new dark blackish Iris. In color, rich velvety blackish purple—nearly a self in color but the plush like quality of the falls make it appear as a bicolor. 28 inches. $2.00

Blue Boy (Fos. 1913). Violet self with same colored beard. $0.15

Challenger (J. Sass, 1929). Dark purple bicolor, white beard. $0.15

Crysoro (Nich. 1931). H. M., A. I. S. 1932. Clear, deep yellow. $0.15

Dorothea (Caparne, 1901). A. M., R. H. S. Pale lilac bicolor. $0.15

*Eleanor Roosevelt (H. P. Sass-McDade, 1933). H. M., A. I. S. 1936; A.M., A. I. S. 1937; Hutcheson Gold Medal. Deep fluorite purple self of fine carrying power. $0.35

Gaynelle (Richer, 1930). A fine, rich, clear deep yellow. $0.15

*Golden Cataract (Met.-Dys. 1936). Bright yellow; fall bloomer. $0.25

*Kansas Ingleside (Hill, 1939). A warm toned red self which is a fall bloomer as well as a spring variety but the fall flowering is quite late. $2.00

Kochii. A. M., R. H. S. Southern European Species. Dark purple bicolor. $0.15

Leota (Fry. 1923). Creamy white with F. faintly lavender streaked. $0.15

Maygold (Nich. 1931). A canary yellow self of excellent form. $0.15

Moonbeam (Mur. 1927). Pure sulphur yellow with no markings. $0.15

Nymph (Sass, 1927). Deep yellow with a rich golden beard. $0.15

Red Orchid (J. Sass, 1934). H. M., A. I. S. 1936. One of the reddest. $0.15

Ruby Glow (Schreiner, 1941). H. M., A. I. S. 1942. The richest and reddest of the "red" intermediates with a brilliant orange beard. Surpasses Red Orchid in color, size and brilliance. 26 inches. $2.00

*Southland (H. P. Sass, 1934). H. M., A. I. S. 1936. The finest yellow fall bloomer and one of the best bright golden yellow spring Iris. $0.35

Sunbeam (Mur. 1927). Satiny deep canary yellow. Very fine. $0.15

Zua (Crawford, 1914). Very pale lavender flowers, crimped and creped. $0.15

Zwanenburg (Denis, 1912). Unusual blend of cream, violet, olive green and maroon. $0.15

Join the American Iris Society

Every gardener interested in Iris should join the great company of flower enthusiasts comprising the American Iris Society. Each new member receives four valuable booklets each year, recording the development of this charming flower. Your membership will help you in planning your garden picture, will assist you in appraising more surely the value of new introductions.

Membership costs $3.00 per year. You may add that amount to the order you send us for Iris, designating it for Iris society membership, and we'll take care of the rest. Or you may send your remittance with a letter of application to the Secretary of the Society, Mr. Howard R. Watkins, 821 Washington Loan & Trust Bldg., Washington, D. C.

Siberian Iris

The Siberian Iris are tall with slender stems and narrow, grass-like foliage. Flowers are smaller than the Tall Bearded Iris and have narrow petals, making them fine for cut flowers. The plants do well in a moist location as well as in any good garden location. They are not benefited by lime. Plant in spring or fall.

*Caezar (Morg. 1930). Very dark blue. The petals are broad and straight hanging. 48 inches. $0.15

Cool Spring (Kellogg, 1940). A charming new Siberian with many flowers on widely branched stalks. The S. and styles are pearly blue. The very horizontal F. are much deeper on the upper part, blending out to the pearly blue of the S. Entirely different and very lovely. 30 inches. $2.00

*Emperor. A. M., R. H. S. A beautiful Iris with deep violet blue flowers. $0.15

Gatineau (Pres. -932). H. M., A. I. S. 1933. This is the largest and the finest in form and substance. A remarkably clear light blue tone. Many blossoms to the stem. 40 inches. $0.50

Llewellyn (Cleveland, 1929). Large flowers of a most unusual shade of soft blue. Very distinct. 46 inches. $0.50

*Perry's Blue (Perry, 1912). Sky blue with white markings. 42 inches. $0.15

Royal Flush (Cleveland, 1929). A deep purple with a flush of red. Not as red as Red Emperor but much taller. 52 inches. $0.50

Skeena (Preston, 1938). A delightful dwarf Siberian of dark blue coloring. Late blooming and especially good for rock garden. $0.75

Summer Sky (Cleveland, 1935). One of the most beautiful of the new Siberians. White flaring F. and S. of pale blue. $0.75

Tycoon (Cleveland, 1938). The largest Siberian Iris to date. The huge flowers of violet blue are of splendid proportion. Very outstanding in the garden. $4.00

Velvet Gown (Cleveland, 1938). A velvety blue-purple. The F. are overlaid with black, and dotted with gold at the throat. $1.50

*Varieties marked thus may be purchased at the following rate: $1.00 per dozen for any one variety, F.O.B., Bluffton.

Shipping Time—Late fall or early spring.

Beardless Iris Species

Dorothea K. Williamson (Wmsn. 1918). A hybrid of the beardless species I. fulva and I. foliosa. Large velvety flowers of the most vivid purple. Fine as a cut flower. Requires a moist situation. 30 inches. $0.25

Ensata. A native of Central Asia to Korea. A very handsome little soft lavender flower that blooms about the same time as the Dwarf Bearded Iris, the dainty flowers nestling down among the foliage. 12 inches. $0.15

Foliosa. A native beardless Iris. Large flowers of violet blue carried very close to the ground on short angular stems. Does best in damp woodland soil, but will do well in rich garden loam. $0.25

Graminea. A native beardless Iris of Southern Europe. Very fragrant. A very pretty little grass leaved variety that blooms well in full shade. The individual flowers of reddish violet last several days in good condition. Fine for rock gardens. 10 inches. $0.25

Pseudacorus. A beardless Iris native to Europe. Strong foliage and flowers of brightest yellow. Suited to moist locations. $0.25

Pseudacorus Gigantea. A giant flowered form of Pseudacorus. $0.25

Shrevei. A sturdy growing lavender blue. 36 inches. $0.25

Virginica. This is the common Indiana wild marsh or swamp Iris. Similar in color to or lighter than Versicolor. $0.15

Shipping Time—Late fall or early spring.

A "self" is an Iris with standards and falls the same color.

A "bicolor" is an Iris with standards lighter color than the falls.

A "neglecta" is a purple bicolor.

A "plicata" is an Iris with petals sanded, veined or otherwise marked with a color darked than the ground color.

A "variegata" is an Iris with standards of yellow, gold or orange and falls heavily veined a darker color or completely of a darker color.

An "amoena" is an Iris with white standards and colored falls, sometimes veined or margined white.

Names of colors in capitals are those of Rideway's Color Standards and Nomenclature. It is unfortunate that copies of this work are limited but until we have a more widely distributed standards the conscientious describer can do no better than follow the only definite and reliable standard available. The Ridgeway names in many instances are color names in common usage and in most cases they can be fairly interpreted even by those not acquainted with the color charts.

Hemerocallis—Daylilies

The rapid development and improvement in Hemerocallis is giving gardeners splendid new varieties to lighten and add charm and grace to their gardens. Daylilies are perhaps the easiest of all plants to grow, doing well in sun or shade, drought or dampness, but a happy medium of these conditions find them at their best. By noting flowering time one can select a number of varieties that will supply bloom from May to September.

*Varieties marked thus may be purchased at the following rate: 3 for 60c or $1.75 per dozen for any one variety, F.O.B., Bluffton.
